

Summer Reading

Third grade was a year of powerful reading. Keep your good reading habits going over the summer. Find some books to enjoy and READ!

- Read, read, and read! Aim for *20 minutes, five days a week*. Choose books from our Town School Third and Fourth Grade reading lists (which you can find on Town Today – Library tab) or ask your friends for recommendations. The public library is a good place to find new books.
- Write down the title and author for three books you read. **Bring this sheet with you the first week of school and give it to your new teachers.**
- Continue to practice your keyboarding skills on [*Typing Pal*](#). (Students should know their logins; teachers can provide them if need be!)
- It can be fun to keep a vacation journal. You can draw pictures and write about what you do over the summer. Writing stories, poems, and letters can be fun, too!

Enjoy your summer, and we'll see you back in September with the list of exciting books you read!
