

## On a Day in Summer

You have learned so much this year! We are sending home a folder with some ideas for the summer:

- ❑ Read, read, read! Choose books from our Town School Second and Third Grade reading lists (which you can find on Town Today on the library tab) or find ones on your own. Try to choose books from different genres.
- ❑ Write down the title and author for **four books** you read. Bring this sheet with you the first week of school and give it to your new teachers.
- ❑ There is a list of your *Word Wall Words* attached. If you need to learn how to spell them, you should practice a few each week until you know them really well.
- ❑ There is also a list of *Tricky Words to Read* attached. If you need practice reading them quickly, review them with your family each week. You can write them on index cards, and play matching games with them, such as Memory (Concentration) or Go Fish.
- ❑ Keep writing in your Writer's Notebook. You can draw pictures and write about what you do over the summer. Also, paste in photographs of favorite people and places and write captions for them. Writing stories, poems, and letters can be fun, too!

Enjoy your summer, and we'll see you back in **September** with the **list of exciting books** you read!
